Message from Mr Tuffin

This week our Year 6 children did their SATs test. These do not measure all the amazing things our children can do and of course school is far more than a test. They were, however, amazing and we are proud of their attitude and determination.

They have had a brilliant adventure day today and we look forward to all they will achieve in their final term.

Year 6 SATS

Well done to all of the children for completing their tests this week!
We are so proud of them.

St Patricks Vs Frederick Bird

On Monday 8th May, the football team played their first football game of the year. Unfortunately, they lost 2-1. We are very proud of our team who played well.

Vaping

We have heard of a few instances of children using a vape outside school.

Vaping is not a healthy activity for any child to do and can cause all sorts of issues later in life. Please speak to your children about the dangers of vaping and if you vape at home make sure your child does not have access to any of the equipment associated with it.

Meetings with Parents – Lateness

Despite many reminders, some children are still regularly arriving late for school.

The Pastoral Team will be asking the parents/carers of those children, to attend a meeting in school to discuss the impact this is having on your children and their education.

The school gates close promptly at 8:45am each morning.

If your child arrives late for school, they may miss their morning mark for the entire morning which could lead to the issue of a fine.

May I take this opportunity to thank those parents/carers who make sure their children are at school, on time, each morning - Shell Shaw, Pastoral Lead

Reporting Absences

If your child is unable to attend, please contact school by 8:30am to report the reason for their absence.

Please call **02476 221920 Option 1** and leave a message with your child's name, class and the nature of the absence.

We will be talking about the dangers of vaping with children in school and would ask you to do the same at home.

Author of the Week

Kes Gray

Kes Gray was born in Chelmsford, in the south east of England, in 1960. After studying English and American Literature at the University of Kent, he worked in advertising as a copywriter - writing headlines, captions, jingles and so on - before becoming an author.

Mr Spencer's sons both absolutely love the Oi Frog! series, and can often be heard quoting parts of the book, but Kes has written books for children of all ages - all with his characteristic quirky sense of humour.

You can find lots of his books in our libraries:

Does your child bring their own drink to school each day?

Year 4 have been talking about the importance of **reusable** items and wanted to share their wonderful examples!

Reusing bottles prevents the need for new plastic, and over time, it is cheaper than buying a bottle from the shop everyday too!

These bottles last such a long time, but not *quite* forever, so please remember to recycle them at the end of their life.

Oi, Frog! Sit on a log!

But I don't want to sit on a log.

Logs are all knobbly and uncomfortable. And they can give you splinters in your bottom.

I don't care. You're a frog, so you must sit on a log.
